

Presidents Message

I would like express my gratitude for being elected as your new 2024/2025 President for Central Solano USBC. First, I would like to extend a tremendous "Thank You" to our outgoing President Prosper (BO) Bousley for his dedication, time, countless hours and leadership over the course of his time served.

Your Central Solano USBC Board of Directors and I will continue to work for you to meet the United States Bowling Congress (USBC) challenges to maintain the sport of bowling here in Solano County. Our Board of Directors can only work as hard as your 100% commitment to not just be a bowler, but an ambassador so we all can be involved in maintaining the sport of bowling not only locally, but nationally.

Central Solano USBC, will continue to promote and advance our local annual tournaments: Master's, Open City, Women's, BVL and Youth. We are going to explore a No Tap Tournament along with varying fund raisers. Importantly also, we will continue to work collaboratively with our neighbor Travis Bowl.

I also want to stress the importance of us continuing to partner and collectively work with BOWLERO. As, you may know changes do not come easy and yes difficult at times to meet the common goal of bowling for you and our community.

Importantly I want express my gratitude for those who came before me and I will work hard to not only maintain our foundation but continue to build upon it for you and all others to come.

Feel free to contact me as your President with any questions, concerns or suggestions. My Motto is, "Your Voice Matters"!

Bruce Herbert III
